To start Alice: Go to Start → Specialized Software → Alice → Alice 2.2.

Story 2:

[Snow scene with igloo] One morning, an Eskimo (from the People Gallery) was walking out of his igloo. Unbeknownst to him, a hole had melted in the ice. [We will build a stand and a walk method for the Eskimo.] Our Eskimo walks out of his igloo and gets an unexpected “bath.” [If time permits, continue the story. You may add additional characters if you like. Suggestion: The penguin (Animal Gallery) has some useful built-in methods]
